1. This is the day of me, the time of me, the essence of me being brought forth; my characteristics made known, displayed, as never before seen in a man/by man. I love you. My essence, character, name; my attributes, my heart, father's. I love you. My being me/who I am and I am me. I reside in my body. I release those releasing me/others. I release the power of god, not; father. And who is father but our God, though many call many things their gods. I love you all/them all.

2. All I love you. Hear me, I love you now in this word and these words came forth, come forth, and do/create/flourish that which I now do in the earth and farther.

3. Father is one. I am one. You are one. You are now approaching light speed, not; mine/my speed, my light, my my'ness that no one can refute. All being me recognize me as never intended, not; for my me'ness having been there always, was me, is me, again. I love you all.

4. This is the time day London my name, not; yours. We are one'd and glory abounds for the merciless, not; those seeking, giving, mercy to others far and wide, encompassing farther fields than seen/thought before. I love you. Globalize and farther Ted. You unlimit my body completely from shackles, holds on their minds, incarcerating bands of yoke many have enjoyed not but suffered with/from for centuries. Since time began? Before. I love you. I love you all.

5. This is the time moment me, day one now/approaching. And who can see the light rays in me that me/I consist of? Will my eyes pop out? Nay, the love that shatters lens will let light in that never seen before was. Is now.

6. This now, this what I'm saying, believing for not but issuing the directives of my father, our father, their father; there is only one father and all know that through you now for you tell them, echoing it for centuries/ages past and future, clarity personified, personified clarity, personified me/father, us one. I love you all.

7. This is the day all see me, not; but who can refute the light shining in their faces before them? Who can see? Who will see, who reject not the son of man in/as son of man that son of man is; me. I love you all.

8. I came as son, I came as man, I was a son, I am a son, I still am. Father reigns. Father came forth for I let him. He made himself known through humility

meekness personified in me, my meekness allowing me to see him and let him. He was there/me all along. I had no idea, not; for I had the knowing, not as thought known, but I knew more in me was/existed and whoso can son of man be? Who isn't? I love you all. I send you forth in my raiment, not; yours/father's. You've become him, us.

9. We are one, one'ing the world, not; but all who will receive acceptance, not; but accept the forgiveness already given/displayed, cost paid, now one are, in surrender, meekness only. I love you/them. I love you all. I love you now.

10. This is the day moment hour time; and second not, first now first'd and seconding none bringing many into first. Thank you my doorway, not; door seeing the door, entering, becoming that/me, the doorway revolving, not; one way is. I love you all.

11. This is the time moment hour and who can see the clock tick/ticking clock? Ben? Nay, mine not; father's. He calls the shots, not; he yields the input, output, processing, to me/us/one we are. His love permeates/pervades and dictates nothing, but yields all in meekness, love and humility personified throughout all.

12. I love you all.

13. See what I have said. Change not/never. I love you all.
